Alfa Romeo

The company that became **Alfa Romeo** was founded as Società Anonima Italiana Darracq (SAID) in 1906 by the French automobile firm of Alexandre Darracq, with some Italian investors. In late 1909, the Italian Darracq cars were selling slowly and the Italian partners of the company hired Giuseppe Merosi to design new cars. On June 24, 1910, a new company was founded named A.L.F.A., initially still in partnership with Darracq. The first non-Darracq car produced by the company was the 1910 24 HP, designed by Merosi. A.L.F.A. ventured into motor racing, with drivers Franchini and Ronzoni competing in the 1911 Targa Florio with two 24-hp models. In August 1915, the company came under the direction of Neapolitan entrepreneur Nicola Romeo, who converted the factory to produce military hardware for the Italian and Allied war efforts. In 1920, the name of the company was changed to Alfa Romeo with the Torpedo 20-30 HP the first car to be so badged.

Alfa Romeo has competed successfully in many different categories of motorsport, including Grand Prix motor racing, Formula One, sportscar racing, touring car racing, and rallies. It has competed both as a constructor and an engine supplier, via works entries (usually under the name Alfa Corse or Autodelta), and private entries. The first racing car was made in 1913, three years after the foundation of the company, and Alfa Romeo was the featured world championship for Grand Prix cars in 1925. The company entered a record

Lamborghini

Automobili Lamborghini S.p.A. is an Italian brand and manufacturer of luxury sports cars and SUVs based in Sant'Agata Bolognese, Italy. The company is owned by the Volkswagen Group through its subsidiary Audi. In 2015, Lamborghini's 1,175 employees produced 3,248 vehicles.

Ferruccio Lamborghini, an Italian manufacturing magnate, founded Automobili Ferruccio Lamborghini S.p.A. in 1963 to compete with established marques, including Ferrari. The company gained wide acclaim in 1966 for the Miura sports coupé, which established rear mid-engine, rear wheel drive as the standard layout for high-performance cars of the era. Lamborghini grew rapidly during its first decade, but sales plunged in the wake of the 1973 worldwide financial downturn and the oil crisis. The firm's ownership changed three times after 1973, including a bankruptcy in 1978. American Chrysler Corporation took control of Lamborghini in 1987 and sold it to Malaysian investment group Mycom Setdco and Indonesian group V'Power Corporation in 1994. In 1998, Mycom Setdco and V'Power sold Lamborghini to the Volkswagen Group where it was placed under the control of the group's Audi division.

Critical Bug 2:

When the user goes to register with an invalid password, the error message is hard to understand and tells the user a different password criteria each time rather than telling the user the password criteria all at once so they can make a valid password. As per the images below it took me 5 tries to create a valid password as I was not aware of the criteria earlier.
